Arrest Affidavit Report

Case Report # 2026-00104995

NARRATIVE

Origin:

On 09/29/2026, Corporal Ballester and I were performing routine patrol duties in the area of 3100 66th Avenue, Vero Beach, Florida 32966, when I spotted a truck turning onto 66th Avenue. The truck turned north-bound onto 66th Avenue from 31st Street and began weaving within its lane.

Probable Cause:

The truck, which was displaying Florida Tag #: BS05NZ, continued north-bound on 66th Avenue. I observed the vehicle weave inside its lane. Corporal Ballester and I watched the vehicle's driver side tires traverse the solid yellow line, on the left-hand side of the road, on numerous occasions. The vehicle also stopped at a solid green light at the intersection of 3300 66th Avenue, with no oncoming traffic. The truck then resumed driving northbound after sitting motionless for several seconds.

Suspect Statements:

After watching the vehicles behavior for several blocks, I initiated a traffic stop at 3700 66th Avenue. The vehicle complied and pulled over and stopped, in the left turn lane. I asked the driver of the vehicle to provide his driver's license. The driver was unable to do so, and provided a Florida Identification Card. After Corporal Ballester inquired further about a Florida issued Driver's License, the suspect stated that he did not have one. The driver was positively identified as Stanley Amy.

Driving History of Suspect:

1. Cancellation of License (Indefinite) Date: 04/21/2026
2. HTOREVOICATION – Date: 04/02/2024 – Habitual Traffic Offender
3. FRCASE – Suspension - Effective Date 04/02/2024 - Notice Provided Date: 03/13/2024

Please note that this is not a complete record of driving history, this is a snapshot of the most recent history. Please refer to D.A.V.I.D for complete list of actions

Disposition of Suspect:

After reviewing Stanley Amy's extensive list of traffic infractions and administrative actions taken against Stanley's Driver's License, Stanley was arrested for the following charges:

1. Driving while License Suspended – Habitual Traffic Offender (Felony)

On Wednesday, September 30, 2026, I was conducting traffic enforcement at the intersection of Periwinkle Dr and Concha Dr. While parked in a marked patrol vehicle, I observed a white sedan traveling northbound fail to come to a complete stop at the stop sign located at the intersection.

I then followed the vehicle, maintaining visual contact, in order to conduct a traffic stop. While following the vehicle, I observed it accelerate to a speed of 44 MPH in a posted 30 MPH zone. I subsequently conducted a traffic stop on the vehicle at the intersection of Periwinkle Dr and Laconia St.

Upon making contact with the driver, later identified as Dan Boyle via his U.S. passport card, I detected a strong odor of an alcoholic beverage emitting from his person as he spoke. I also observed Dan to have slurred speech, constricted pupils, and watery eyes.

Due to the signs of impairment that I observed, I asked Dan to exit the vehicle. As Dan exited the vehicle, he appeared to have difficulty walking and maintaining his balance. Dan was asked if he was willing to participate in tests to determine whether he was safe to operate a motor vehicle, to which he agreed.

Post-Miranda, Dan denied consuming any drugs, medication, alcohol or other substances that could alter his normal faculties. Dan also denied having any medical conditions that would alter his normal faculties. During questioning, Dan admitted to consuming approximately six beers the previous night while watching television at approximately 0000 hours.

I then proceeded to conduct the Horizontal Gaze Nystagmus test. I began by reading Dan the instructions, which he indicated he understood. During the instruction phase, Dan failed to remain in the starting position. While performing the test, I observed equal pupils and equal tracking. I also observed distinct and sustained nystagmus at maximum deviation in both directions, as well as the presence of vertical nystagmus.

I then proceeded to explain the Walk-and-Turn test. During the explanation, Dan stated that due to an ankle injury, he would be unable to perform the test without pain and difficulty. Due to this limitation, the remainder of the roadside testing was conducted by Officer Vasquez in the form of seated battery testing. The following is provided by Officer Vasquez

I proceeded to the second exercise, the finger-to-nose exercise. I explained to Dan that he needed to make a fist with both hands, extend his index fingers, and turn his palms forward. I demonstrated this movement and asked Dan to remain in that position while I explained the task. Dan stated he understood. I explained to Dan that when I said "begin," he needed to tilt his head back at approximately a 45-degree angle and close his eyes. I demonstrated this instruction. I then explained what I meant by the "tip" of his finger, further explaining that I did not want him to touch his nose with the side or back of his finger. I further explained that when I said "right," he was to use his right hand, and when I said "left," he was to use his left hand.

At this point, I said "begin," and Dan was in the starting position with his eyes closed and his fists extended. I called out "left, right, left, right, right, left." On the first callout, Dan searched for his nose, did not utilize the tip of his finger, missed his nose, and did not return his fist to his side. On the second callout, Dan searched for his nose, did not utilize the tip of his finger, missed his nose, and did not return his fist to his side. On the third callout, Dan searched for his nose, did not utilize the tip of his finger, missed his nose, and did not return his fist to his side. On the fourth callout, Dan searched for his nose, did not utilize the tip of his finger, and missed his nose. On the fifth and sixth callouts, Dan searched for his nose, did not utilize the tip of his finger, and missed his nose.

I proceeded to the palm-pat exercise. I explained to Dan that he needed to place one hand palm-down with the other hand positioned above it. I demonstrated this instruction and asked Dan to remain in this position while I explained the task. Dan stated he understood. I explained that when I told him to begin, he was to turn the top hand over and count out loud, "one, two," while making parallel contact between both hands each time. I demonstrated the instruction and further demonstrated what his hands should not look like during the exercise. I explained to Dan that he was to continue counting and increase his speed as he progressed until I told him to stop. I again demonstrated what the exercise should look like. Dan stated he understood. I then instructed Dan to begin. Dan began the exercise and performed chopped pats. During the 30-second exercise, Dan had to be reminded to increase his speed.

The last exercise conducted was the hand-coordination exercise. I explained to Dan that he needed to make fists with both hands, place his left fist against the center of his chest, and place his right fist against his left fist. I demonstrated this instruction and then asked Dan to remain in this position while I explained the task. Dan stated he understood. I explained that when I said "begin," he would need to perform four tasks. The first task was to count out loud from one to four while moving his fists in a step-like fashion and making contact between his fists. I demonstrated this instruction. I then explained that the second task was to memorize the position of his fists after counting to four, clap three times, and then return his fists to the memorized position. I demonstrated this instruction. At this point, Dan interrupted several times. After asking Dan if he needed me to repeat the instructions, he stated that he did. I then repeated the instructions.

I explained that the third task was to move his fists in a step-like fashion in reverse order while counting out loud from five to eight and then returning his left fist to his chest. I demonstrated this instruction. I then explained that he was to open his hands with his palms facing down and place them on his lap. Dan stated he understood. After beginning the exercise, Dan stopped after completing the first step and asked what he needed to do next. I asked Dan if he needed me to explain the

The undersigned certifies and swears that he/she has just and reasonable grounds to believe that the above named defendant committed the following violation of law:

Instructions again, explaining that I could not assist him through the exercise. While I was explaining the instructions again, Dan interrupted me and asked if he could start from where he had stopped. I advised Dan that he would need to restart the exercise because he had asked me to re-explain the instructions. Dan was unable to follow the instructions, began at the wrong time, performed improper touch during the first task, and performed an improper count during the third task.

Based on the above observations, I believed Dan is under the influence of alcohol to the extent that his normal faculties are impaired. Dan was placed under arrest and secured in handcuffs using the double-cuff technique. The handcuffs were then double-locked and checked for proper fit.

During a search incident to arrest, I located an item in Dan's front left pocket that appeared to contain marijuana. When asked what the item was, Dan stated it was a "joint" that he smokes for pain. Based on my training and experience I know the term "joint," is commonly used to refer to ground marijuana rolled inside paper, which is consistent with the item found. When asked, Dan denied having a valid medical marijuana card.

Dan was then instructed to sit in the rear seat of my patrol vehicle. At this time, Dan began yelling that the handcuffs were hurting his left hand. I checked the handcuffs and confirmed there was adequate spacing. However, Dan was attempting to rotate his arm, which appeared to be causing him pain. In an attempt to alleviate the pain, I advised Dan that I would remove the handcuffs to allow him to fully rotate his arm. I instructed Dan to keep his hands behind his back and not to move.

As soon as I removed the left handcuff, Dan pulled his left hand away and concealed it behind his body, out of my view. I then grabbed Dan's left arm in an attempt to place it behind his back. Dan tensed his body and began resisting my efforts to restrain him. After a short struggle, I was able to place both of Dan's arms behind his back and reapply the handcuffs. The handcuffs were again checked for proper fit and double-locked.

Based on the above, Dan is being charged with driving under the influence of alcohol, resisting an officer without violence and possession of marijuana less than 20 grams.

Dan was then transported to the Indian River County Jail for processing. While at the jail, Dan refused to provide a breath and urine sample. Dan was read Florida's implied consent warning by jail deputies and continued to refuse to provide the requested samples. Due to Dan's refusal, he is also being charged with DUI Refusal.
