The Sheriff's Office mission is to serve the public with dignity, integrity and professional service while enhancing our partnership with the community in order to protect life and property, prevent crime and solve problems.

### A Message from Sheriff Eric Flowers

The Indian River County Sheriff's Office is committed to safe and responsible gun ownership for our residents. We've seen the devastating effects when people fail to follow safe storage and handling practices. Education can help prevent any accidents in the future. Learning about the Florida gun laws will keep you and your family safe, as well as deputies out patrolling your neighborhood. Together, we can ensure that our community is safer and more educated about the use of firearms.
