THE STUDENT MUST PROVIDE A VEHICLE FOR THE DRIVING EXERCISES

We recommend that the vehicle being used should be the one that the participant will drive the majority of the time. The vehicle must be in good mechanical condition. All equipment on the vehicle must be in operational order. Tires and brakes need to be in better than average condition. A vehicle inspection will be performed on every vehicle prior to the driving exercises beginning. Any vehicle that is deemed to be unsafe will not be allowed to be driven on the skid pad and the student will not be allowed to participate in the class.

Please enter the training program with an open mind. Please arrive for class promptly to help us start and finish on time. Students who have not previously registered or with incomplete forms **WILL NOT** be allowed to participate.
